## TS 62 arrives at Brewster Academy

TS62 arrived ready for their new adventure in the United States! However, we quickly discovered that on both arrival days (June 5 and 6), we had missing luggage! Due to the

size of the Delta planes, many pieces of luggage, including a chaperone's bag, was delivered to Brewster later!

On Friday, June 7, the students had a meeting with

the Office of Educational Affairs (OEADC), and took some time to take a few photos! It was a beautiful, sunny day!

**OUR VIEW!**

**In those first few days, Thai Scholars 62 moved into dormitories, had a tour of the campus, set up their bank accounts, and joined Brewster's wifi network.**

**During the first weekend, students took a practice TOEFL test to determine class placement. Then, while some staff stayed to grade the tests, the students and chaperones took a trip to Walmart for shopping!**

**On the Sunday before classes began, TS62 had a relaxing morning, followed by the Thai Scholar Olympics, and teams were their discussion groups- Team Honolulu won! That evening, students signed the English Promise, and prepared for their first week of classes. Enjoy the photos of our first week!**

## DISCUSSION GROUPS

---

Discussion groups meet twice a week to discuss cultural issues, and have lunch together four days a week.

This year, the groups are named after famous historical cities in the United States.

Discussion groups do many fun activities together during the summer. Students are assigned groups with others from different schools in Thailand, to help TS62 get to know one another better!
